Stockholm the capital of Sweden, is about a 35-minute drive from the event venue. It offers lots of experiences, just like a big city usually does, with many museums, such as the Vasa Museum, the ABBA Museum and the Royal Armoury. Maybe visit the amusement park Gröna Lund (opened in 1883), wander around the medieval Old Town, and of course there are lots of shopping and restaurants.

Upplands-Bro municipality has many historical sights such as medieval churches and ancient monuments. There are also several bathing areas, nature reserves and several well-known golf courses. A few hundred meters from Bro Park there is a shopping center. The local train takes you into Stockholm city in about 30 minutes.

Sigtuna is one of Sweden's three oldest cities and Sweden's first capital. It has a medieval town centre with many cosy shops and cafés, including the famous Tant Brun. There is also Sweden's smallest Town Hall and one of Sweden's finest city hotels. A number of ruins are also located in the city center and are open for visits. In the summer, many enthusiast cars and motorcyclists flock here to meet. About 30 minutes drive from the event site.

Håbo municipality is one of Sweden's most rune stone-dense places. Håbo has many medieval churches and ruins. In the central town of Bålsta is the Åberg Museum, with one of the world's largest collections of Mickey Mouse objects. Well worth a visit for both young and old.

Skokloster castle is one of the world's best-preserved baroque castles and built from the mid 1600, however not everything is completed even today.

Uppsala, Sweden's fourth largest city, is about 60 minutes away. A university city with lots of sights and a beautiful urban environment. Among other things, the beautiful garden after the world-famous botanist Carl von Linné and the magnificent cathedral in the middle of the city.
